SUMMARY

Front-End Developer with an AAS in Front-End Web Development and a year of hands-on WordPress and client work at Rebel Haus. Builds responsive, interactive web apps with HTML, CSS, JavaScript, and Firebase. Looking for a junior front-end role on a team that ships.

TECHNICAL SKILLS

Languages: HTML5, CSS3 / SCSS, JavaScript, PHP
Frameworks: WordPress, Firebase
Design: Responsive Design, Wireframing, UI Development, Adobe Photoshop, Adobe Illustrator, Figma
Workflow: Git / GitHub, Cross-Browser Testing
Learning: React

PROJECTS

Card Deck Builder — Web App

Live: <https://ccravillion.github.io/command-structure/> · Code: [github.com/ccravillion/\[repo\]](https://github.com/ccravillion/[repo])

- Built a full-stack web app that lets users create, save, and manage custom card decks; persists data across sessions via Firebase.
- Stack: HTML, SCSS, JavaScript, Firebase Auth + Firestore.
- Designed responsive UI from wireframe through deployed product.

Personal Portfolio Site

Live: ccravillion.github.io · Code: github.com/ccravillion/ccravillion.github.io

- Designed and built a single-page portfolio in plain HTML and CSS; deployed on GitHub Pages.
- Responsive layout with automatic dark-mode support and accessible focus states.

EXPERIENCE

Rebel Haus — Sussex, WI

2025 – Present

Web Developer

- Build and maintain WordPress sites for small-business clients, including layout updates, content changes, and on-page styling.
- Translate client requests into shipped changes on live production sites without disrupting uptime.
- Work directly with clients to scope updates and validate the result.

Hamilton School District — Sussex, WI

Summers 2019 – 2025

Summer Custodial Services

- Six consecutive summers of seasonal work; trusted with building access and end-of-year deep cleans across the district.

EDUCATION

Waukesha County Technical College — Pewaukee, WI

2025

Associate of Applied Science, Front-End Web Development

Relevant coursework: UI Development, JavaScript I & II, Webpage Design I & II, WordPress Development, PHP Web Development, Integrated Development, Project Management.
